# Ecler CA Series

## Module Setup

### **About:**

Ecler CA series micro-amplifiers are an ideal solution in those audiovisual applications which require integration with external control devices: education classrooms, meeting rooms, multimedia presentations, retail shops, etc.

### **Setup Communication:**

Ecler CA series micro-amplifiers are controlled over RS-232.

### **Setup in Compass Navigator:**

Each CA unit requires a module. Drag and drop the module into the desired zone.

### **Setup Complete:**

Upload and update project for use.

### **Control:**

Compass Control offers

- Fully Bi-Directional
- Input switching
- Gain and Tone Controls
- Muting
- Talkover/Noisegate Controls
- Preset Saving/Loading
- Unit Status Information
