

IMPORTANT NOTICE

This product must be powered with the correct power supply. Unit will not function properly if the incorrect power supply is used, and damage may occur.

Please refer to the below table to ensure you connect the proper power supply to your Key Digital UCC Product:

Model	Power Supply Model	Power Supply Rating	Notes
KD-UPS52U	KD-PS80W48VC	80W 48V/1.66A	-Provides power to HDBaseT input and output -Compatible HDBT inputs: KD-X4x1WUTX, KD-X3x1WUTX, KD-PS22UTX -Compatible HDBT outputs: KD-X100MRX (included) -Connecting any other HDBaseT Tx (input) or Rx (output) may result in damage. Consult Key Digital Tech Support if needed.
KD-X100MRX	KD-PS50W48VC	50W 48V/1.04A	-Does not need power connection if integrated with KD-UPS52U -Requires power connection and provides power to TX if connected directly to KD-X4x1WUTX, KD-X3x1WUTX -If integrated with KD-PS22UTX, power supply MUST be connected at the Rx side. Do not connect power supplies to both Tx and Rx unit.
KD-X4x1WUTX	None. Is powered by RX		-Compatible Rx: KD-UPS52U, KD-X100MRX
KD-X3x1WUTX	None. Is powered by RX		-Compatible Rx: KD-UPS52U, KD-X100MRX
KD-PS22UTX	KD-PS50W48VC	50W 48V/1.04A	-If integrated with KD-UPS52U, power supply MUST be connected at the KD-UPS52U. Do not connect power at KD-PS22UTX. -If integrated with KD-X100MRX, power supply MUST be connected at the Rx side. Do not connect power supplies to both Tx and Rx unit.
KD-PS42	KD-PS50W48VC	50W 48V/1.04A	-Provides power to HDBaseT input and output -Compatible HDBT inputs: KD-X2x1WDTX, KD-X2x1WVTX -Compatible HDBT outputs: KD-X40MRX (included) -Connecting any other HDBaseT Tx (input) or Rx (output) may result in damage. Consult Key Digital Tech Support if needed.
KD-UFS42	KD-PS50W48VC	50W 48V/1.04A	-Provides power to HDBaseT output -Compatible HDBT outputs: KD-X40MRX (included) -Connecting any other HDBaseT Tx (input) or Rx (output) may result in damage. Consult Key Digital Tech Support if needed.
KD-X40MRX	KD-PS20W48VC	20W 48V/0.41A	-Does not need power connection if integrated with KD-PS42, KD-UFS42 -Requires power connection and provides power to TX if connected directly to KD-X2x1WDTX, KD-X2x1WVTX
KD-X2x1WDTX	None. Is powered by RX		-Compatible Rx: KD-PS42, KD-X40MRX
KD-X2x1WVTX	None. Is powered by RX		-Compatible Rx: KD-PS42, KD-X40MRX
