

Discover The Possibilities™

Autonomic Mirage

Module Setup

About:

Autonomic Mirage is a music system that allows you to control all your music effortlessly from anywhere in your home. All you need is a Mirage Unit

Setup Communication:

Mirage is controlled over IP on Port 5004. In Compass Navigator, please insert IP Address under Device Properties. Please note that each Mirage Unit requires its own module.

Setup:

Compass Control will auto-populate your Mirage Sources, Players, and Favorites. No extra setup is required. Please make sure all streaming accounts are logged in and up to date

Setup Complete:

Upload and update project for use.
